## Why does DMHA need this data?

- Grant Reporting
  - Substance Abuse Prevention and Treatment Block Grant
  - Mental Health Block Grant
- Performance Measures
- To inform decision making and track progress
- Consumer Outcomes

---

---

---

---

---

---

---

---

**Purpose for this Meeting**

- I will give a description of potential data changes for the upcoming year.
- From provider feedback at this meeting and through email, the changes may be revised.
- I will post a summary of changes for SFY 2019 in April and the manuals in May.

---

---

---

---

---

---

---

---

**Consumer Record Change**

- Add a new question, Gender at Birth
- We will populate this field for everyone already in DARMHA.

---

---

---

---

---

---

---

---

**NOMS Record Change**

- Move two questions, Supported Employment and Supported Housing, to ANSA EBP questions.
- Supported Employment will change to a "Yes" or "No" question.

---

---

---

---

---

---

---

---

**Assessment Record Change (EBPs)**

- ANSA - 2 new EBP questions (Family Psychoeducation and Medication Management) and 2 EBP questions from the NOMS record (Supported Employment and Supported Housing)
- CANS 5-17 years - 2 new EBP questions (Receiving Multisystemic Therapy and Transition to Independence Process (TIP))

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**ANSA- Domain Level Changes**

- ANSA Tool
  - Remove “NA” from educational item
  - For clarity and accuracy, several domains, modules and items have new names

---

---

---

---

---

---

---

---

**CANS/ANSA Module Changes**

- Adding several new questions
- Combining questions
- Renaming some modules and items

---

---

---

---

---

---

---

---

**Encounter Record Changes**

- Remove the following fields to be more similar to Medicaid claim data
  - Location Type
  - Common Value
  - Level of Clinician
  - Main Service Setting

---

---

---

---

---

---

---

---

**Encounter Record Changes**

- Service Date ("MM/DD/YYYY"): Date the service was rendered.
- Location ID (assigned ID - max length 7): DMHA provides this ID for each of your facilities. Give the location ID of the location you provide to Medicaid for the service.
- Procedure Code (String): CPT (Current Procedural Terminology) Code, Health Care Common Procedure Coding System (HCPCS) or DCS code for service
- 4 Modifiers
- Units (Integer): Number of units rendered during this service. Must be greater than zero; no decimals - no fractions.
- Internal Service ID (String): The provider's internal identifier for this rendered service (This ID MUST be unique within the episode.)

---

---

---

---

---

---

---

---

**Increasing Data Quality - Closing Episodes**

- We will start closing inactive episodes of care as a DMHA administrative discharge starting in July.
- Definition of an inactive episode of care will be:
  - 2 full months with no services for CA
  - 200 days with no services for SMI and SED

---

---

---

---

---

---

---

---

**DMHA Closing Episodes of Care**

- We are creating a report that would show you all the episodes that are going to be DMHA administratively discharged.
- Once an episode is DMHA administratively closed, it can not be reopened. A new episode of care needs to be created.

**Testing SFY 2019 Changes**

- Changes will be in QA on June 5<sup>th</sup>.
- The test environment - <https://dmhaqa.fssa.in.gov/DARMHAQA>
- We have been told by our state HIPAA staff that **no real data can be in DARMHA QA**. Data has to be test data.

---

---

---

---

---

---

---

---

---

---

**Need Volunteers to Test**

- If you are interested in being involved with the testing new changes, please email [DARMHA@fssa.in.gov](mailto:DARMHA@fssa.in.gov) and let them know how you submit data (via the website, import or Web Services)
